

PROPHETIC WORD

ISABEL SKULASON

THURSDAY, 31 AUGUST 2023

There is so much hunger in this house and in this room. I heard the Lord saying everyone who is hearing your voice is being prepared for a graduation. You have been going through a lot of testing, a lot of preparation, a lot of squeezing, a lot of stretching. But the Lord said there is graduation now. You're coming to the end of battles and races. Yes, and you will be rewarded, and you will be empowered for new authority is being granted to you out of what you have been through.

It hasn't just been for the fun of a battle or for the fun of the struggle, but it has been a greater purpose of preparation. You have made it through, you have made it to the other side. And because of that, you may feel tired, weary, you may feel not so victorious right now, but you have overcome and you passed every test that has come to you and you have overcome. So the reason for it will now become evident; in your lives, in your homes, in your journey, ministries, in every situation in your lives.

And your realms of influence are being enlarged for the Kingdom purpose is enlarging your realm of influence. Many of you were close to giving up, but you hung in there, and sometimes not even knowing why you were hanging in there, because it didn't make sense. But you did, and because of that test of faith and endurance you have overcome. And there is victory and heard the Lord saying this weekend, He's releasing deposits for victory. And there is an empowerment that He is releasing this weekend for victory. And the manifestation of it and the application of it in your lives.

Breakthroughs have been released as well. Lots of breakthroughs are coming to this house and are coming to everyone hearing my voice. Breakthroughs have been released and you will be empowered with breakthroughs and you will live in breakthroughs. And you are going to live in breakthroughs like people have never seen before. People will look at your lives and say what is it that when you walk through the land things manifest, things open, things happen.

There is a great shift happening for you and the breakthroughs are going to be part of your reward for all that you have endured. For you will walk with it, in it, it will go ahead of you and it will follow behind you.

Breakthrough has been granted to each of you and this house. There are new angels in this place. There are ushering angels bringing God's glory. There are ushering angels bringing God's people. But there are some angels - I have never seen this before - but there are some angels of evangelism that have been released.

But there is going to be a movement of greater evangelism than you have ever experienced that is going to happen in this church and in your lives. If you want to walk with it, you will receive it. If you say 'Here I am, I want to be part of it', you will walk with it. And I saw these angels partnering with us, partnering with the church and with ministries. For they have come to bring a greater impartation, a greater release, a greater harvest and a greater fruit has been prepared.

And they have been sent and many of these angels have already begun to walk on the streets of the nation and the streets of this land. For there is a revival promised to this land and a kingdom purpose that God has not forgotten. There are also many flags that have been released in heaven. The atmosphere of this nation is filled with flags of victory, flags of battle, flags of sorrow, flags of suffering, flags of challenge. And there are a lot of flags that have been lifted and they are in the atmosphere. But the Lord says I am redeeming.

This is going to be the greatest season of redemption you have ever seen. And this redemption is going to manifest individually and corporately. It's going to manifest in households, families and relationships. It's going to manifest individually but you will also see it manifesting in the nation. For the Lord is going to do a work of redemption, even in the government that is going to be amazing. It's going to be so supernatural that no-one will be able to explain how has that happened. And it's going to release of a wave throughout the nation.

For there is a godliness in this land that the enemy has tried to remove but it cannot be taken away. And that godliness is starting to arise in a new level. I saw the Lord raising up His people and His army for as it was at the beginning, it will be now and till the end of time when England will arise as the godly nation it is known for. And England will arise to raise up Kingdom colonies in a greater way than it was in the past. For in the natural there has been a shift in that realm, but in the spiritual realm that mandate is still very active. And the influence of this nation will be heard.

There will be a strengthening. I just saw the British pound will be strengthened in the land tremendously. It will become the leading authority, if I can use that word, a leading currency. But there is an authority that will come on it for God will also use it for the Kingdom and for the witness of the world. For this nation is a nation of lenders and not of borrowers. And it will be known as a nation of lenders, as a lending nation to the world. And there is going to be an increase that will come into this land for the Lord is coming to set many crooked paths straight.

There was a work of witchcraft and occult. For there was an agreement made. I am saying this prophetically, I have no knowledge of what I am saying. For there was an agreement made many, many, many generations back by the authorities in this land and some godly authorities partnered with some authorities of darkness. And there was an ungodly covenant that was made that released darkness in the land, and the enemy had authority. Occult and witchcraft moved in the land in a great way. And as a result of that, a lot of diseases came into the land.

They came into animals and people and they have continued moving through the land but there was an appointed time when it would end. It had a time frame, and it has come to an end. And the prayers of the centuries are being released. I saw for Great Britain bowls of incense in heaven tipping over. For the prayers and the intercession of many generations have been filling the bowls And it was not that God was not hearing, it was not that He forgot. It was not that he didn't care for prayer was needed to fill the bowls and tip them over.

The bowls are tipping now. They are not tipping yet but they are coming. Pray a bit harder so they will finish tipping over for it is being released. And one of those bowls carries a massive anointing for healing. Powerful, supernatural healing beyond what you have expected. For there is a greater visitation. Signs and wonders. This land will be known for signs and wonders, so I bless you. It is a good season to be here. Amen!

THE END
